Conference hosted by
Southeast University
Nanjing Medical University

Qinhuai River

Dear Colleagues,

On behalf of the local organizing committee it is our pleasure to welcome you to Nanjing, to attend the 7th International Conference on Biomedical Engineering and Biotechnology (ICBEB2018). We are honored to host ICBEB2018 scheduled from October 17th to 20th in Nanjing, hosted by the Southeast University & Nanjing Medical University.

Inheriting the fine tradition of six previous conferences, ICBEB2018 aims to provide a forum for prestigious specialists and scholars to share their experiences in the respects of Biomechanics & Biomedical Modeling, Biomedical Imaging, Biomedical Signal Processing, Biomedical Engineering, Biomaterials and Biopharmacy, and open doors for discussing the practical challenges and recommended solutions for better living.

Nanjing is one of the nation's most important cities for over a thousand years, and recognized as one of the Four Great Ancient Capitals of China. We cordially invite you to participate in the conference, and enjoy a wonderful life here. We are looking forward to meeting you in Nanjing.

Sincerely,

Local Committee Chair
